## **Tenure-Track Faculty Positions in Meteorology**

The Department of Meteorology at the U.S. Naval Postgraduate School is seeking applicants for tenure track positions. Qualified candidates with a Ph.D. in Meteorology/Atmospheric Science or related discipline and with a demonstrated record of atmospheric research and teaching at the graduate-level are encouraged to apply. The department will consider exceptional candidates in *all* disciplines of meteorology with special interest in numerical weather prediction, weather analysis and forecasting, and physical meteorology including radar meteorology. Candidates are expected to be able to work collaboratively with existing department faculty and staff members and also independently pursue research support as principal investigator to cover a portion of their salary. The successful candidates' research areas will complement and expand the department's existing research and teaching programs. Salary will be commensurate with the experience.

Applicants should submit a CV and a statement of research interests and capabilities. Reviews of the applications will begin immediately. Further inquiries and applications should be sent (email preferred) to:

Prof. Phil Durkee,  
Chair, Department of Meteorology  
589 Dyer Road, Root Hall, Room 254  
Naval Postgraduate School  
Monterey, CA 93943-5114

E-mail: [durkee@nps.edu](mailto:durkee@nps.edu)  
Phone: 831-656-2517.
